

WALDEN RACQUET CENTER ADVISORY COMMITTEE REPORT
12-03-2019

Present: Rob, Bill, Kristie, Jan, Tim, and Karen

All things are going well. The meeting was short and sweet.

Bill presented our suggestions to add 4 new tennis courts and convert courts 7 and 8 into 6 pickleball courts to the Board of Trustees at the November meeting. The Board was receptive and asked us to further research our proposal and get estimates. The understanding is that the 4 new tennis courts must be completed before renovating the pickleball courts. Many thanks to Tim Schier for all his research and work on this proposal.

On December 21st from 10am to 2pm, the Racquet Center will be having a Family Fun Day. This is part of Drysdale's school initiative and a community event. Over 1,000 children from the 8 neighboring elementary schools have been invited.

Rob would like to explore different ways to collect data on court usage. These numbers would be valuable to Drysdale, the Board, and the residents to chart our growth and anticipate future needs.
