# LADIES ASSOCIATION *of* WALDEN

Well, it's soon to be Thanksgiving then Christmas is around the corner. Thanksgiving for me was always one of my favorite family gatherings. It consisted of food, of course, games, cousins, aunts and uncles and grandparents. I am from a family of eight siblings, so when we would go to my grandparents' house in the country, we brought "the party" with us. I am very grateful for childhood memories.

In LAW, we have very many Blessings and gifts to be thankful for this year. We recognized some of our Past Presidents at our October luncheon. They have been cornerstones to building our association and make it what it is today. Our Walden Expo was a huge Blessing. Thanks to Laura Archibald and Lesley Haeny for organizing such a fun event. Woman of the Year nominations are due November 15. Please see Carolyn Shulman for forms or look on our

website. WOY will be announced at our January luncheon.

Remember to be thankful for all your many Blessings including family, friends, and the freedom we have to experience it all! I wish you good health and happiness during the holiday season.

Many Blessings

Jean Hebert President/Ladies Association of Walden

*NOTE: The Ladies Association would like to thank Todd Keiffer for setting up the backdrop to take pictures with our guest speaker, Dr. Shannon Walker.*

# IN THE *garden*

By Margie Barlow

Montgomery County Master Gardener (2002)

MargieLBarlow@gmail.com

I'm so glad that summer is over, and fall is finally here. We had wonderful rains the first part of October and boy did it green everything up. My grass is growing like you wouldn't believe and green as ever. I hope that you applied your herbicide in October to eliminate weeds in the spring. After applying the herbicide, you need to water it in really well to get it into the soil. This will make it really difficult for the weed seeds to germinate. You also need to apply your fall fertilizer. This will help your lawn fight any brown patch which tries to rear its ugly head when the weather cools off.

After our two days of rain and receiving 8 inches, I was walking the following day and people had their sprinklers going off. Your lawn had already received adequate water. Be mindful of this in the future. I've been raving about my Rachio sprinkler controller. If you have a Rain Bird or Hunter controller, it's very easy to switch it out. My Rachio notified me that after the rain we received, my watering time was going to be skipped. I told you in a previous article that I didn't turn on my system until June and yes, I had very high-water bills for two months with the excessive heat we experienced. It was \$400.00 in August and dropped to \$200.00 in September. Now with the rains and cooler weather, I should be back to my normal \$25.00 or less per month. I also have a pool so with the heat and evaporation, this increased my water bill considerably. For me, it was worth paying extra for two months, it's cheaper than replacing my lawn. Speaking of sprinkler systems, you need to run every zone and check for leaks and broken heads. Again, on my morning walks, I've seen issues so please address them now. You are wasting precious water when you have leaks.

If you want to have a green lawn all winter, now is the time to put down your winter rye. I've been buying my seed at C & S Feed & Farm Supply in Montgomery. It comes in 50 lb. bags and costs \$45.99.

This is also a good time to check the mulch in your beds. Remember that when you mulch, it will help retain the moisture and protect the roots of your plants. You can also apply Preen to your beds which will help eliminate seed/weed germination.

Have fun planting your cool season annuals/perennials. I just redid two flower beds at Carriage Inn in Huntsville. In one bed I was able to plant mums which are a great choice since they are a year around plant for us. The only maintenance they require is dead heading after blooms fade. They will also spread and give you color 4-5 times a year. The other bed received plants that I dug up from my yard which will also spread. I used hostas and rain lilies. I've learned to plant only things that will survive our unpredictable weather changes. So far so good. November is also a perfect time to replace the shrubs that you might have lost during our drought.

I hope you have a wonderful Thanksgiving with family and friends.

### ***Tip of the Month:***

Any time you move a plant, you break roots, which takes away the plants ability to thrive. If you decide you need to move your plant, make sure to provide adequate moisture in the new location. Stick to a regular watering pattern until you see new growth. GRACIE BROOKS, PROPER GROWING CONDITIONS FOR GARDENING SUCCESS.

# MEN'S ASSOCIATION *of* WALDEN

## Men's Breakfast

The Walden Men's Association Breakfast speaker October 6<sup>th</sup> was Dan Edwards. After enjoying a wonderful breakfast (Omelet station was very busy), Dan discussed his personal involvement in the summer of 2021 in the evacuation of the US Embassy and other intelligence personnel from Afghanistan.

Dan described in detail the confusion that different US agencies were working under. The Department of Defense had clear instructions to have everyone out by August 31<sup>st</sup>. But the State Department and other intelligence agencies understood that a smaller team of about 100 was staying. Dan and his team ensured that they had 90 days of food, water, etc. for 100 people. Then in early August Dan was notified that EVERYONE needed to be out. There was much confusion and many people arriving at Kabul Airport waiting for flights. This included both US and Afghanistan people that were to be evacuated. Quite a story Dan tells.

The November 3<sup>rd</sup> meeting speaker will be Walden General Manager Rusty Denner and Food and Beverage Director Jesse Cole. If you are not getting the Men's Association emails, please email Peter Livingston at [pliving45@outlook.com](mailto:pliving45@outlook.com) and request to be added to the meeting announcements.

# DID YOU Know

Walden Deed Restrictions officers monitor the streetlights to report lighting issues in the community. If you see a streetlight that is out or in need of attention, please report it by contacting the DR office. You may call or email: [deedrestrictions6@waldenonlakeconroe.com](mailto:deedrestrictions6@waldenonlakeconroe.com)

The ability to communicate with property owners is easier than ever with the many ways we can connect. However, if the contact information is not current in the system, the information you need might not be getting to you. Please be sure to contact WCIA with any changes. 13301 Walden Rd. Montgomery, Texas 77356 (936)582-1622.

Did you know that this time of year is common for inspecting and cleaning gutters, removal of leaves, branches, and other landscape debris, as well as the removal of mildew and mold. Driveways often turn gray or black and should also be cleaned. Walden's Exterior Home Maintenance Policy states that "Gutters must be kept in good repair and not allowed to sag or hang down and must be kept free of debris and all plant growth". Please help to keep Walden beautiful! Your Section DR Officer is available to answer questions and/or assist with concerns regarding your property in Walden.
